

CHERRY JUICE

Vol. 2, #1 Cherryland A.R.C., Traverse City, Michigan Jan. 1975

January, 1975 Meeting Announcement: Meeting will be held on Tuesday January 28, 1975 at 7:30 PM in the Elks Club. Wells Chapin W8GI will present an informative program about America's role in the International Amateur Radio Scene, and the ramifications of the International Laws. This should prove to be a very appropo subject and we should all attend so that we will be better informed Amateur Operators.

Please note that meetings for 1975 will be held on the fourth Tuesday evening. This will give us back our old nice meeting room in the Elk's Club, and should be a much nicer setup for our meetings. The club won't be so crowded, and I think we'll all enjoy it much more.

We will discuss the upcoming Swap and Shop, proposed Novice Code and theory classes, and the June Field Day event. Be sure to attend and voice your complaints, opinions, and offer your praise! Be sure to bring plenty of the latter, to soften the effects of the former.

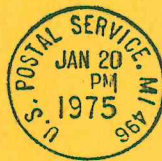

ANNUAL SWAP AND SHOP: The second Annual Cherryland Swap and Shop will be held on Saturday, Feb. 15, 1975 at the NMU College Technical Center. Starting time will be 10:00 AM and the doors will close at 5:00 PM. Don't be at all surprized if our SWAP and SHOP Chairman Jack Leishman K8YZW calls you and puts the bite on you to help with setup, monitoring or cleanup. There is a lot to be done for a Swap and Shop, so let's give Jack a call, and spare ourselves the embarassment of him calling up! There will be door prizes and a drawing. A dmission will be \$1.00 a head, and Sales Tables will be free. During this inflative period, this is a real bargain.

Board of Directors Meetings: First Wednesday Evening of Month, with time and place to be decided at previo's Membership Meeting. If you have something for the BoD, don't be bashful! Come and speak you piece. Your idea may jut be what we are looking for.

Monthly Editor's Sermon: We owe a lot of fun, Fellowship, and just plain old good living to Amateur Radio! How many of us actually owe our professional position to the very early in life fostered interest in Ham Radio? Don't you think it would be nice for some future Amateur Operator and Scientist to be able to trace his stat of success to your thoughtfulness and effort? Your chance is coming as we formulate our Novice Code and Theory Classes. Your help, be what it may, is needed to help bring our sons, daughters and new friends into amateur Radio. Please offer your help at the January meeting and help make our program a success.

FOR SALE Ike Jagen W8GVS, Heathkit SB 200 in mint condx \$185.00
Terry Wolfley, VE3PLQ, needs four nice, long, good telephone ples to be used for antenna towers.

Well, this is all for this month. Thanks to Bud W8TEF for his help in publishing this rag! All I do now is write it, bud takes care of having it printed, addressed and mailed. 73's de Terry
