THERE WILL BE NO CHERRYLAND ARC MEETING FOR AUGUST, 1975! Relax, and take a good, long, end of Summer, Vacation! See you all next month at the Elk's Club. There will be full details in the September issue of Cherry Juice.

Wells W8GI, reports that the Northern Michigan Picnic was a great success! He said that he had about eighty-some-odd registered hams, but that many might have slipped through without seeing him. Thanks go to Wells, Vic and Mary Devlin, and Jean and Helen Charavay for all their efforts! Thanks also to the several magazines and businesses that donated prizes. I understand that Big Al W8CYO won a \$20.00 Gift Certificate from Electronic Distributors at Muskegon, and that it was burning a hole in his pocket all day long! Thanks also go to the 50% of our membership that supported this event. I guess that that is a pretty good showing, considering that there was a lot of vacations, and other summer activities going on! Thanks again!

Vic Devlin W8KPO reports that he has a new Kenwood TS-520 Transceiver, and enjoys it very much. Perhaps we'll be hearing Vic and Mary again on the 75M SMASH Net now that they have a shiny new rig!

Edna Widman WB8EYL reports that her Mineral Society is having an annual show in October. There will be a nice flyer sheet in next month's CJ with complete details and directions. Be sure to plan to attend this wonderful, beautiful event!

Rumor has it that John Widman WA8BUB either has, or is soon purchasing a new Heathkit SB-104 Transceiver kit. Good Luck, John!

Yours truly has a new Heathkit HD-1410 Keyer Kit. I'm now trying to master the technique of using this fascinating device. Most of my B's still come out like 6's, but "Uebung macht der Meister!"

John Mesch W8LQZ and family are taking a few days off, and travelling to Upstate New York for a visit with some old Show-bizz friends of theirs. Of course, John's Clegg FM-27B is along for the visit too!

We will be holding Club Elections for the 1975-76 year. Please plan on attending the Club Meeting in September, and casting your votes. A good attendance would sure make the new slate of officers feel good! See you all there!

Well, that's all for this month. Be good, and see you next month!
