JUNE MEETING: The Cherryland Amateur Radio Club will meet on Tuesday, Tuesday June 22, 1975 at the Northwestern Michigan Technical Center, Room 121, at 7:30 PM. The Tech Center is located on East Front Street directly across from MacDonald's. Cookie and coffee will be served. Bring along a friend or a new old club member whom we haven't seen around for a while. Everyone is welcome. This will be our last meeting of the 1975-76 year, a good turnout will be appreciated.

The meeting this month will be devoted to the final details of our last three major club activities.

CQ CQ CQ CQ "THE PREZ SEZ" CQ CQ CQ

The forthcoming month will bring many activities for our club, including Field Day, Cherry Festival demonstration, and annual Summer Picnic. I hope most of you will find time to attend these functions during the generally busy summertime. Your presence will be greatly appreciated.

Tuesday's meeting will conclude our business meetings for this year. If you should have information that should be reviewed before our September meeting, please contact me so we may schedule it during a summer board meeting. Loose ends, for summer action, will include the nominating committee; repeater improvements, and activity follow-ups.

My sincere thanks to all of you that have helped make the past year the continuing success that it was. I am certain that the ongoing success of our radio club is assured by our present active membership. Hope to see you soon!

Jack, K3YZW

The following is the last directive from our activities Manager John Wilmer, W3DUB, and gives complete details of our fourth coming Field Day.

COMMUNICATIONS FIELD DAY - 1975

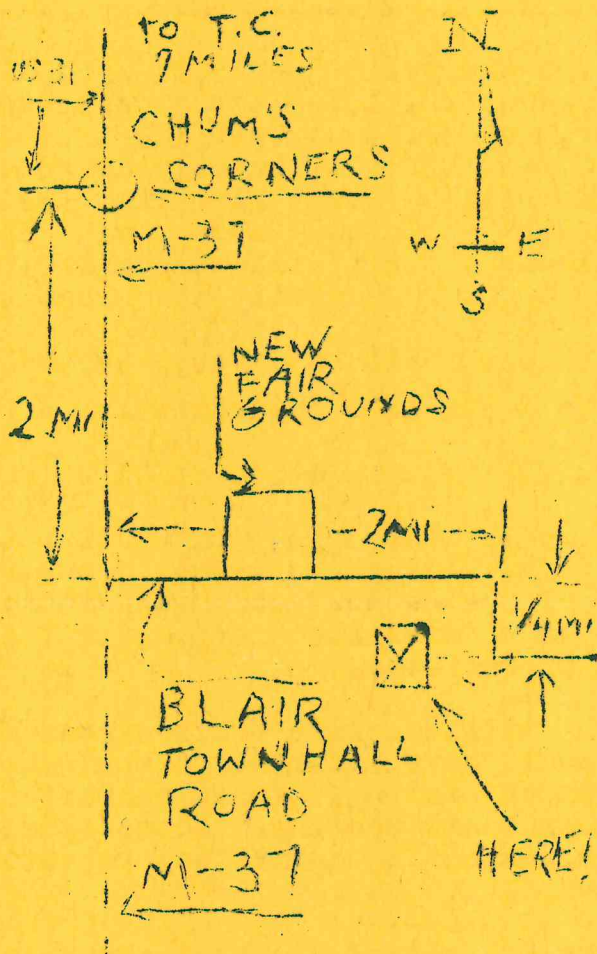

Your editor, Jim, and the Activities Chairman are now completely in agreement on the date! So--if your calendar is not already marked, please do so now!

Saturday, June 27 Start at 2 PM

Sunday, June 28 End at 5 AM

The Bandwidths are Jack K3WLN on 30 meters, Bill W3DML on 40 meters and Ed W3DML on 20 meters. They have decided to operate the full 27 hour period. This means that antennas cannot be erected prior to 2 pm Saturday. So, for those of you who have not been there before--come and see a chaos in action. Bring your camera, come and watch, come and help, but at any rate--come! ALL HELPERS ARE REQUESTED TO BE ON THE SCENE BY 1:15 PM Saturday.

The place is "Shumsky's across the way

If you wish further clarification, call me John 941-0025.

The signs are made and will be put up on Saturday morning. The first sign will be at the corner of M-37 and Blair TownJall Road, 2 miles south of Chum's Corners.

This year, for the first time, we are going ;to have a novi novice station in operation. Hutch said that he would come back and take charge. We hope that this proves to be good experience for novices, to say nothing of the fun of participation.

Most of the big problems (weather cooperating) have been ironed out (Ihope).

Free coffee for all will be available maround the clock.

Food for Saturday noon ;and Saturday supper should be furnisjhed by you. It would be nice to have families come and ea with the operators and/or workers Saturday for supper if the wive care to bring a picnic basket.

Saturday midnight meal (courtesy OARC) will be served t o all workers.

Sunday AM -- donuts and coffee.

Sunday noon Sandwiches and coffee for all workers. (AGain, courtesy of the club, with "Mac" Duckwitz and Ruth Heller helping EDnak prepare the sandwiches.)

The FAMILY picnic on Sunday is set at 4 PM. Bring your own food and fire if you choose to cook. Our grille just will no fit into our compact car. Likewise, bring your own special brand of beverage.

Again, ;if you wish to operate of log, make you wishe s known to me or to a bandmaster and we will see that you have a ;turn at it.

Bring your klicense with you. Also, raingear --- best insura insurance for the WK!

WE WANT:

LOTS OF HELP
LOTS OF OPERATORS
LOTS OF LOGGERS

LOTS OF VISITORS
LOTS OF FAMILIES

AND

WE'LL ALL HAVE KLOTS OF FUN,

73 John WABUB

ONCE AGAIN, IF YOU HAVE ANY QUESTIONS.....DO ONE OF TWO THINGS.....CALL JOHN AT 941-0025.....OR BY ALL MEANS COME TO club meeting tuesday night. WE HAVE ALMOST 70 CLUB MEMBERS NOWHOW ABOUT K:AN 100% ATTENDANCE!!!!!!!!!!!!

Wells, W8GI, reports that all is in readiness for the CARC participation in the National Cherry Festival. The window (the east one) at J.C. Penny's will be ready for occupancy on Monday July 5th....the equipment is ready to go and Co-chairman

Ed, 'K8CWR, /states that the antenna situation is ready for raising. Once again the appeal is out for able bodied and willing workers. The club station WB3VKB will be on the air from approximately 10 AM each morning to about 5 PM each evening. Remember to tell all your ham friends about the Worked All Cherryland Award WELLS, HAS ON VERY IMPORTANT REQUEST.... IN ORDER TO MAKE AN UNUSUAL DISPLAY PERTAINING TO AMATEUR RADIO HE REQUESTS THAT EVERY CLUB MEMBER BRING HIS OWN PERSONAL QSL CARD TO THE NEXT MEETING, OR ELSE SEND HIM ONE TO HIS ADDRESS IN KINGSLEY.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

The third and last event for the CARC for this summer will be the 2nd annual summer picnic and swap shop. Vic and Mary, W8KPO and WB 8SNP are the co-producers and here is their report:

July 25th draws nearer and with it comes our 2nd annual Cherryland ARC Picnic. K V & M report that all systems are going and information sheets are in readiness to be sent around to other clubs and repeater groups. Talk it up on the air to all your Kf friends on ; the high and low bands to hold July 25th open for our super picnic and swap and shop

WB8SNP/W8KPO

I'm sure that many of you are aware of or have heard rumors about the latest FCC action regarding Novices, Technicians, and the "grandfathering" of Conditional class licensees. For those of you who may still have questions I am enclosing a copy of the latest HR report extra and which follows the latest ARRL official bulletin #549.....

FCC'S FIRST ACTION ON RESTRUCTURING was taken late last week and Novices and Technicians became the principal beneficiaries. This first Report and Order on Docket 20282 liberalizes both license classes' privileges but appears to reject the "Dual Ladder" approach to restructuring that was such an integral part of the docket's original philosophy.

Technician Class Licensees receive the most significant benefit in the form of full Novice privileges --- CW on 80, 40, 15 and 10 meters. No other Technician privileges were changed at this time. so it's still possible that 10 meter phone and or expansion of Technician frequencies on the bottom of two or six meters may be part of expected later actions on 20282. Technician exams will no longer be "mail order," either --- the Report and Order ~~XXXXXXXXXX~~ makes administration of Tech exams an FCC Field office job.

Novices receive two benefits under the just announced Rules changes. Power limits for Novices have been raised to 250 watts, and a Novice who has failed to upgrade during his two-year

CHERRY JUICE -- cont. --- page 6
